

## BIG ENGAGEMENT IS NEAR IN MEXICAN REBELLION

DIXON GAINED  
FINE INDUSTRY  
FROM STERLING

Grampp Produce Co.  
Purchases Building  
in This City

It was announced this morning that Dixon is to receive a new industry at once, which will mean a great deal, not only to the city alone but to many communities, north, south, east and west of Dixon as well. The L. G. Grampp Produce company, for many years located at Sterling, has purchased the foundry building formerly owned by H. U. Hardwell and D. H. Spencer on West Seventh street and Lincoln avenue, which of recent years has been unoccupied.

The site of the plant is an exceptional one, being on the belt switch line with shipping accommodations on both the Illinois Central and Northwestern railroads. An additional story is to be added to the east end of the present structure which will be converted into a modern poultry and produce packing plant. Mr. Grampp has purchased two large refrigerating plants which are to be installed in the building as soon as they can be received. The floor level has been raised three feet and a solid concrete floor is being held with suitable drains which will insure sanitation throughout the plant.

To Spend \$20,000.  
New windows and a roof are to be given the building, which for some years has been unkempt, and the general arrangement is to be changed to meet the requirements of the business. A switch track will connect with the belt line to a large loading platform of sufficient size to accommodate the loading or unloading of several cars at one time. Mr. Grampp expects to expend upward of \$20,000 in remodeling and putting the plant into shape.

Dixon Hub of District.  
When completed the Dixon plant will be the center for several smaller buying agencies. Automobiles trucks will operate from this plant through the country surrounding Dixon and approximately \$20,000 will be paid out annually to farmers in this vicinity for eggs and poultry. In addition to the truck service the stations surrounding will ship to the Dixon plant for dressing, cooling, handling, storage and shipment. Approximately \$25,000 will be spent each year for feed for poultry and it is anticipated that the annual pay roll will be about \$30,000. Four families are to move to Dixon at once and other help, as far as possible, will be obtained locally. It is expected that upwards of 125 cars of eggs and poultry will be shipped from the Dixon plant annually.

Mr. Grampp hopes to have the work of rebuilding completed and the plant in operation not later than August 1. Several workmen have been employed for the past few weeks tearing out and making permanent improvements. The company, which for years has maintained its offices and plants in Sterling, has realized the advantages of shipping in Dixon, being able to reach points north, south, east and west which are equally valuable for the smaller communities, and are one of the industries to be brought to Dixon by the industrial department of the Chamber of Commerce.

Spokane Goes Ahead  
Backward, Count Says

By Associated Press Leased Wire  
Washington, May 7.—Spokane, Wash., ranking as forty-eighth city of the country in 1910, had a decrease of 193 in population in the past ten years and now has 104,204 people, the census bureau announced today.

The Washington city thus became the first of the cities in the class over 100,000 thus far announced to show a decrease. Newport, Ky., and Joplin, Mo., both cities of the 30,000 class are the next largest cities which have shown decreases.

Texas Cotton Crop  
in Worst Condition

By Associated Press Leased Wire  
Fort Worth, Texas, May 7.—President Lyday of the Texas Farmers' Union estimated today that the rains of this week have placed the Texas cotton crop in the worst condition in its history. The flooding and washing of fields he said have added to the loss inflicted by the late frost and cold.

LICENSED TO WED.  
The following licenses have been issued at the office of the county clerk: Henry W. Sheller and Miss Lela A. Senn, both of this city. Walter A. Gilchrist and Miss Fanny Gentry, both of Terre Haute, Ind.

George Netiz and M. L. Dysart returned last evening from Detroit, Mich.

## GASLESS SUNDAY?

The supply of gasoline in Dixon is again rapidly diminishing and some of the filling stations are completely without a reserve supply for emergencies. At the Standard Oil company's plant this morning there was about 50 gallons and this was being saved for the company's trucks, and the filling station on Third street and Galena avenue has been without gasoline since Wednesday. Some of the stations about town have a very few gallons in their tanks and this will probably be exhausted by evening.

Kerosene is equally as scarce. The supply of kerosene at the Standard plant was quite low this morning and it is not known when shipments will be received. Manager Ross Crawford said that shipments had been on the way to Dixon from Whiting, Ind., since April 20. Several cars have been consigned to Dixon but are being held up at some point on account of the railroad strike conditions. Unless some of this supply is received late today or tomorrow, many persons will be obliged to postpone their Sunday automobile trips.

Emma Goldman Says  
She is Homesick for  
Old United States

By Associated Press Leased Wire  
Chicago, May 7.—Emma Goldman, whom the government transported to Russia, is homesick for the United States, according to a letter from her, made public by Dr. Ben L. Reitman today.

In the letter written March 8 from Moscow, Miss Goldman said:

"I miss America. I lived there thirty years, you know.

"Not a word has reached us from any one in the United States so far. You can imagine how we feel about it.

"It is very difficult for one at my age to acclimatize one's self in a new country even under the best conditions, in normal times. But Russia, bled white by over four years of war and starved by the inhuman blockade is not a place where one may hope to take root easily. However, if I could at least hear from those dear to me I left behind, it would not be so difficult.

Miss Goldman added she had not become active in social work in Russia because of her lack of language and because "I must first familiarize myself with the new and strange situation."

Paris Rail Strikers  
Losing Their Fervor

Paris, May 7.—Official reports today showed few strikers returning to work. At several points, particularly in Paris, however, the reports declared the strikers were tiring of the movement and that there was talk of abandoning it.

The government announced improvement in the operation of trains on all lines.

By Associated Press Leased Wire  
New York, May 7.—The National Civic Federation through its president, Alton B. Parker announced it had filed with President Wilson a protest against recognition of the soviet government of Russia, and had telegraphed all prospective presidential candidates asking them to define their position on the subject. The telegrams were signed by hundreds of prominent men and women. Candidates were asked to support the federation's stand against recognition.

BRITAIN ON EVE OF  
NEGOTIATING WITH REDS

By Associated Press Leased Wire  
London, May 7.—Great Britain is on the eve of negotiations with Soviet Russia, a Moscow wireless today asserts.

Earl Curzon, the British foreign secretary, the message says, has forwarded M. Tchitcherine, the soviet commissary for foreign affairs, a declaration in which direct conversations with General Wrangel, commander of the remnant of the Russian volunteer army, are proposed. These conversations it is declared, are desired by Great Britain in order that definite negotiations may be begun concerning the cessation of the Bolshevik advance into the Crimea, and British officers would participate in the negotiations.

Regarding the Caucasus front, the message states that hostilities have ceased and that the soviet has applied to the governments of the various states, offering to begin peace negotiations immediately. The soviet promises to take British government interests into the Caucasus into consideration.

M. Tchitcherine in his reply, it is added, expresses his firm assurance that the commission to begin peace negotiations will serve as a preliminary step, and that general agreement between Great Britain and Russia will be the final outcome.

Refuse Certificate  
to Proposed Electric  
Line from Rock Island

By Associated Press Leased Wire  
Springfield, Ill., May 7.—Permission to construct the proposed Davenport, Springfield & Southern railroad, an electric interurban line, was denied by the state public utilities commission today. The commission in refusing a certificate of convenience and necessity authorizing construction of the line said there is no real necessity for the interurban and also that no substantial financial program was contemplated by the organizers.

The petition of the company was filed last August and hearings were held in Chicago and Springfield last October. The commission has held up final action on the petition pending submission of further evidence concerning the financial backing of the corporation. According to the commission's order this evidence was not produced.

In the petition it was proposed to build an interurban line from Rock Island to Moline, through Mercer and Henry counties to Galesburg, thence to Leawards, Havana and Petersburg through Christian county to Harvel and Hillsboro, then to Greenville, Carlyle, Nashville, Duquoin, Carverville, Vienna, terminating at Metropolis with a branch from Duquoin to Belleville.

BRITISH PRESS  
RESENTS ACTION  
CONGRESSMEN

Imply American Legislators Should Mind Own Business

By Associated Press Leased Wire  
London, May 7.—Only two of this morning's newspapers comment on the memorandum sent by American congressmen to Premier Lloyd George relative to the Irish situation and the tone of their editorials is somewhat resentful against "outside interference" in British internal affairs.

"It is an elementary maxim of the foreign policy of most civilized nations that one state department should not interfere with the internal affairs of another nation" says the Daily Graphic, which seems to view the memorandum as a political move.

"No legislator of any country has the right to imperil the good relationship existing between his nation and any other merely because he wants to attract votes to himself."

The newspaper declares Irishmen have the same redress, if wronged that is given any other citizens of the United Kingdom and it points to the wholesale arrest of Bolsheviks as analogous to the situation in Ireland.

Reestablishment of the British bureau of information in America, which was closed at the time of the armistice is urged upon the government by the Morning Post which says it could counteract British agitation in the United States. Referring to the action of American congressmen on behalf of the Irish republic the newspaper says:

"Were Great Britain to pass a resolution in both houses of parliament in favor of granting self-government to the Philippines we imagine the British foreign office would hear of it within 24 hours."

Both Sides Bringing Up Additional Artillery for Fight

By Associated Press Leased Wire  
Christiania, May 6.—Reports that Kiev has been lost by the Russian Bolsheviks are denied in a wireless message received here from Moscow.

By Associated Press Leased Wire  
Warsaw, May 6.—Bolshevik troops fighting in the defense of the city of Kiev have strengthened their resistance considerably during the last 24 hours. The battle for the possession of the city still is raging according to latest dispatches.

The strike of peasants in the lower districts of the province of Verona is becoming grave, owing to the violent measures taken by strikers. Peasants who refuse to join in the strike are accused of starving cattle and threatening death to proprietors. Six thousand strikers are alleged to have invaded fields, setting fire to standing crops and spreading terror among the inhabitants who already are suffering from lack of food.

Government authorities are taking energetic steps and are dispatching troops with machine guns to all danger points.

The state department today had no confirmation of a private message received here after last midnight from Mexico City, via Laredo, that Carranza had left the Mexican capital for Vera Cruz. The private advice said the President left Mexico City last night accompanied by a guard of troops under General Aguilar.

Official advice from the American embassy at Mexico City said E. F. Greenlaw, the American and his son who were killed last Saturday near Mexico City were robbed at the same time of a part of the company pay roll, amounting to 4,500 pesos. Greenlaw was 63 years old and his son 32. Mrs. Greenlaw and a minor child are in Mexico City.

## JOLISH DRIVE REPULSED.

By Associated Press Leased Wire  
London, May 7.—Polish troops advancing on Kiev were repulsed by the Bolsheviks on the line of the Irpen river, it is announced in a soviet government communique, dated Thursday received from Moscow today. The statement reads:

"In the Kiev region, at the railway along the river Irpen, we repulsed the enemy's advancing troops.

"On the Caucasian coast four enemy ships bombarded Tomruk, but were driven off by our artillery fire."

DRUG SLAVE IS  
APPREHENDED IN  
DOCTOR'S ROOM

C. E. Davison of Polo  
Implicates Dixon  
Physician

Chief Van Bibber at noon yesterday placed under arrest, C. E. Davison, of Polo, morphine fiend, who was taken in custody in the office of Dr. C. H. Ives, and when searched by the officer, Davison was found to have several morphine tablets and three skeleton keys in his possession. He was taken to the city jail and later to the county jail, where he is being held awaiting the arrival of federal authorities from Freeport, who will doubtless start an investigation here today.

At the police station in the presence of several physicians and officers, Davison, who is 50 years of age, said that he had been addicted to the use of the drug for several years and for about a year past had been receiving his supply of morphine in Dixon. At one time, Davison said, he consumed 15 grains of the opiate weekly but claimed he had reduced the dose until he could now get along with three grains which would last him one week and some times a little longer.

About a month ago Dr. Ives returning to his office at a time when he would least be expected, found a man standing in the reception room. The man, who the doctor yesterday identified as being Davison, inquired for Dr. Hamilton, who was not in his office and then left. After his departure Dr. Ives discovered that the door leading from the reception room into his office was unlocked and upon further examination found that one of his surgical instruments, a knife, was broken off in the lock on the door of Dr. Hamilton's office. Later, he found that his supply of morphine tablets had been stolen and the matter was reported to the police.

Saw Davison Watching.  
When leaving his office yesterday Dr. Ives noticed Davison standing across the street and at once notified Chief Van Bibber, who watched the Polo man's actions. When the physician left in his automobile Davison watched his departure and then hurried up the stairs into the physician's office where he was apprehended by the chief a few minutes later. At the police station Davison confessed being addicted to the use of the drug and gave the name of a Dixon physician, not Dr. Ives, who has been supplying him for about a year. This information was imparted to Assistant United States District Douglas Pattison, of Freeport, for action.

Davison, when apprehended, had 14 one-quarter grain tablets of morphine wrapped carefully in a piece of paper and these he told the officers he secured from the physician, together with others which he had already taken, yesterday morning for two dollars. Davison came to Dixon Wednesday evening and slept at the police station part of the night. He was formerly employed in one of the local garages and has a family living near Polo.

## Prepare to Resume Trading in Wheat

By Associated Press Leased Wire  
Chicago, May 7.—Called by Julius H. Barnes, United States wheat director, representatives of boards of trade, country and terminal elevator associations, grain buyers, exporters and bankers gathered here today to plan for the re-establishment of an open market in wheat, at the expiration of the wheat guaranty act on June 1.

The Chicago Board of trade and other exchanges made known they were anxious to resume trading in futures but desired the government to safeguard their market, particularly against the pool of foreign governments which has been buying grain for export.

The board of trade urged as a remedy that the United States notify the foreign governments that the embargo section of the Lever act will be used against them to prevent foreign manipulation of the market.

Grain dealers desired that the Interstate Commerce Commission use its power under the Esch-Cummings transportation act to furnish an adequate number of cars to move grain in season.

## Light Trading in Corn and Oats Today

Chicago, May 7.—Trading in corn and oats was very light at the start today, both markets being sensitive to commission house buying or selling. The market was easily influenced, the sentiment in many quarters being bearish. The transportation situation was understood to be a factor for this.

Opening prices of corn ranged from 1/4 to 1/2 lower, with July 1.71 1/4 to 1.71 1/2; Sept. 1.62 to 1.62 1/2. The downward tendency was soon checked and there was a rally on scattered buying with May leading the upturn.

Oats were dull at about steady at yesterday's close. This condition, however, was short lived, as the market after opening unchanged to 1/2 higher on the range, showed an inclination to advance. July started unchanged to 1/2 higher and soon touched 93 1/2 a new high figure for the crop.

All deliveries of corn and July and September oats sold at new high figures on the crop as did all deliveries of rye.

The high marks however, were not retained. Lack of pressure and short covering and scattered buying caused the market to advance readily but toward the close an over bought condition developed in corn and it slumped more than 3c from the early top. The market closed 1/2 to 3c net higher with July 1.72 1/4@1.73 1/4 and Sept. 1.62. May corn touched 1.93 1/4, then declined sharply, closing at 1.91 1/4, with a sale just before the close at 1.92 1/4.

**E. R. B. CLASS MEETING—**  
The E. R. B. Class of St. Paul's Sunday school held its regular meeting at the home of Mrs. Charles Helfrich, 104 Artesian Place, Thursday evening. The meeting was an excellent one, filled with interest for all those attending, including twenty-one members and a few guests. The pastor, Rev. L. W. Walter, gave a most helpful address on church and Sunday school work during the evening. The class voted \$25 to the Carthage College Fund and \$5 to the World Service Campaign, which is to be begun here on Sunday morning. The members enjoyed greatly, at the meeting's close, the refreshments which were served by Mrs. Helfrich.

**ELDENA GRADUATION—**  
The rural schools in the vicinity of Eldena, including the Hollister and the Eldena school, will hold their graduation exercises on Thursday evening, May 13th, at 8 o'clock in the Eldena church. Attorney M. J. Gannon will make the address of the evening. Eight pupils will graduate from the Hollister school, Miss Blanche McGinnis, teacher, and five from the Eldena school, of which Miss Mary Murphy, is teacher.

**P. E. O. MEETING—**  
Chapter A. C. Illinois P. E. O., will hold its meeting at the home of Mrs. W. H. Coppins on Monday afternoon. The delegates to the state convention will give their report at this time.

**FROM CHICAGO—**  
Frank and Charles Hansen and the latter's daughter, Arvenia, of Chicago, spent Wednesday visiting Dixon relatives.  
Miss Frances Patrick has enrolled as a student in the Coppins' Commercial College.

## NEWS FROM DIXON

## VOLEY BALL BANQUET.

About 40 of the volley ball players and their wives gathered at the banquet at Lowell Park Lodge last evening and all had as good a time as though they were playing a championship match. E. M. Raymond, chairman of the Physical Department committee, acted as toastmaster, and called on a number of the players, who responded to extemporaneous toasts. The captain of the plowmakers caused a lot of disappointment by his being absent and unable to tell the gang about "The Relation of my Gym Suit to the Laundry" as most of the boys were much interested in the subject. All members of the Plowmakers team were called on and in one way or other told how and why they won. It seems as luck was always right on the heels of the winners as they not only won the pennant but one of their number even managed to get more than his fair share of wives. He should have told the bunch how he got that way by responding to the toast, "Why it Pays to Advertise," but everybody was disappointed and are still wondering how he did it. The captain of the Radiators, the team that came right on the heels of the Plowmakers, was asked for an alibi and succeeded so well that he was motioned to his seat before he got them all out of his system. Members of the other teams were called on to tell why they lost and many new, varied and startling revelations were brought to light.—Dr. Smith making the most startling. The party broke up still laughing over "Doc's" give-away.

## CALLS CANTAGELLO AGGRESSOR

Edward Trautman, who suffered a severe injury to his eye during a quarrel with Tony Cantagello on Wednesday, states that Cantagello was the aggressor and struck him first. Witnesses in Judge Hill's court had stated that Trautman struck the first blow. The argument started, Mr. Trautman says, when he attempted to collect a bill he has charged against Cantagello.

## ST. PAUL'S LADIES' AID—

The Ladies' Aid of St. Paul's Lutheran church held a most delightful and profitable meeting on Thursday afternoon at the parsonage. Forty-seven ladies were present. The meeting opened with scripture reading and prayer by the president, Mrs. Otto Beier. Mrs. William Filson read an article upon the helpfulness of women in the world. Mrs. Roy Raffenberg gave a reading, "The Deacon's Courtship." Both numbers were enjoyed by all present. An impressive memorial service was held for deceased members. The regular routine of business followed. The program ended with an excellent talk by Rev. L. W. Walter. Following the meeting appetizing refreshments were served by Mrs. Walter.

## KNIPSCHILD-EDOUS—

The marriage of Miss Grace Knipschild, daughter of Mr. and Mrs. William Knipschild, of 1724 Third street, and John Edous, also of this city, took place at the bishopric in Rockford on Monday afternoon, May 3rd, with Rev. Fr. Flannigan performing the ceremony. Miss Vivian McIntyre and Mr. Lambert of this city, attended the young couple. The bride wore for the ceremony a gown of blue silk and white lace hat. The trip was made to Rockford by motor and the wedding party returned to Dixon the same day. They are visiting here with relatives for a time and later will go to Rockford to make their home. Mr. Edous is employed as a machinist in a Rockford garage.

## SECTION 4, M. E. AID—

Section 4 of the Methodist Ladies' Aid society held a very pleasant all-day meeting Wednesday at the home of Mrs. Frank Hettinger. At noon a dinner which tempted the appetites of all was served. The work of the day was the making of a quilt and the tying of a comforter. A business session was held at 3 o'clock, with Mrs. Harold McCleary opening the program with two beautiful piano numbers. Mrs. Huguet also delighted the audience with several piano selections. Thirty were present, including Dr. and Mrs. G. H. Putnam, of the Congregational parish, and Mrs. Lund, wife of Dr. Lund, who were guests at the dinner.

## TO MOTHERS' DAY SERVICE—

The Modern Woodmen at their regular meeting last evening decided to accept the invitation of Rev. C. G. Unangst to attend the Mothers' Day Service at Grace Evangelical church on Sunday evening, at 7:45 o'clock. It was also decided to invite the Royal Neighbors to attend the services with the Woodmen. All Woodmen and Royal Neighbors are requested to meet at Miller hall at 7 o'clock sharp so that all may march in a body to the church.

## W. R. C. MEETING—

The Woman's Relief Corps will have its regular meeting on Monday afternoon in G. A. R. hall and a large attendance is desired. Important business and a great deal of it demands that all officers be in their chairs promptly at 2:30, so that all may be transacted.

If once a month one will put a strong solution of washing soda down the pipes and drains in the bathroom one may be assured that the pipes are in perfect condition.

Dissolve the powder in boiling water and pour slowly down each pipe. Wait 10 or 15 minutes and then pour quantities of hot water through the drains. This cleans and washes out the pipes thoroughly.

There are very good antiseptic solutions on the market that may be used. However washing soda is quite cheap and answers the purpose. **MENU FOR TOMORROW**  
Breakfast—Stewed dried apricots, soft-boiled eggs, hot buttered toast, coffee.  
Luncheon—Baked onion puff, brown bread and butter, radishes, fried cakes, tea.  
Dinner—Meat pie, casserole of vegetables, candied sweet potatoes, cabbage and beef salad, raisin pie, coffee.

**MY OWN RECIPES**  
In making a meat pie a bit of bacon or ham is an addition to the taste. And the meat, as in hash, should be absolutely free from particles of gristle. Fat should be melted before being used, but is necessary for richness in the gravy. This is one of the nicest ways to use up left-over meat, but the cook must have the confidence of her table and never abuse it.

**BAKED ONION PUFF**  
6 or 8 onions  
2 tablespoons butter  
1½ cups soft bread crumbs.  
1-3 cup water in which onions were cooked  
1-3 cup milk  
2 eggs  
Salt  
Paprika  
Cook onions in boiling salted water till soft. Drain and rub through a sieve. There should be 1-3 cups onion pulp. Melt butter, add bread crumbs and liquid and cook until thick and smooth. Beat yolks of eggs till thick and lemon-colored. Add onion pulp to mixture, season with salt and pepper and bring to boiling point. Add egg yolks. Beat whites of egg till stiff and dry and fold into mixture. Turn into a buttered baking dish and bake in a moderate oven for 25 minutes. Serve at once.

**FRIED CAKES**  
2 eggs  
1 cup sugar  
2 tablespoons hot lard  
1 cup sweet milk  
1-2 teaspoon salt  
Flour  
Nutmeg  
1 teaspoon soda  
2 teaspoons cream of tartar, (rounded)  
Beat eggs well and beat in sugar. Add lard. Mix salt and nutmeg in a little flour and add to mixture. Add milk. Mix soda and cream of tartar in flour and add enough more flour to make a soft dough to roll. Roll about 1-2 inch thick, cut with a fried cake cutter and fry in deep fat. For the fat try out not more than 1-4 pound of suet and add to the lard. This will keep the cakes from soaking fat.

I haven't heard any of the prominent women politicians saying anything about practical cooking in the public schools.

**CAPTAIN EARNEST HILL**, of Portland, Me., who says he was not able to report for duty before taking Tanlac. Declares he feels like a new man now and is on deck every day ready for work.

"I feel just like a new man since I began taking Tanlac and I am not only willing, but I am anxious to tell other people what this medicine has done for me," said Captain Ernest H. Hill, Portland, Me., recently.

Captain Hill is in command of the Ben Hur, plying between Portland and Casco Bay. He has been in the service for ten years and is held in high regard as an officer and citizen by all who know him.

"I have suffered from indigestion and stomach trouble for the past eight years," continued Captain Hill, "and at the time I started taking Tanlac I was in such a weakened condition I could hardly stand up. When I walked I would actually stagger like a drunken man and, at times, would have to hold on to something to keep from falling. After every meal I would simply suffer torment. My food would sour and I would swell up so with gas I could hardly get my breath.

I would also have awful smothering spells at night and sometimes I would have to get up to get my breath. Lots of times I would have to open the windows and doors to let in fresh air, or go out into the open air in order to get my breath. I could not find anything to do me any good and along toward the last I became so weak and nervous I could not do my work.

"Five bottles of Tanlac have made a wonderful change in my condition. It helped me from the very first dose and now I feel as good as I did when I was twenty years old. I sleep fine and have a fine appetite and just feel like a new man in every way. I am now able to be on deck every day ready for duty."

Tanlac is sold in Dixon by Public

**HOW TO GROW FOOD IN YOUR GARDEN.**  
BY W. F. FACHNER, Champion War Garden Director of America.

Why planting should not be begun on the same date in different states, though the latitude be the same, has already been told. We would advise the amateur gardener to look around in his neighborhood for the man or woman that has always been a successful gardener. Get acquainted with him and ask questions. Find out when he plants his peas, beets, etc., and do likewise. As a rule, Irish potatoes and smooth-seed English peas are among the first garden crops to be planted; about the same time turnips, radishes and mustard may be sown. About a week later cabbage plants may be set out; in a few more days sow lettuce, carrots, onion seed, beets, parsley, parsnips and also make another planting of the earlier planted vegetables.

Now, also, early roasting ear corn may be planted. For this first planting Early Adams is perhaps the most popular. Plant rows 30 inches apart and space the hills about 15 inches apart in the rows. Plant three grains to the hill, covering the seed two to three inches deep. When the plant has made a few inches growth, pull up all

but the one strongest plant in each hill. Ten days later plantings of regular sugar or sweet corn may be made. One of the best in "Golden Bantam," a dwarf sort with fair-sized very sweet ears. Plant and treat like Early Adams, only the hills may be as close as 12 inches apart. For general garden crop, "Country Gentleman" and "Stowells Evergreen" are perhaps most extensively planted. Rows should be three feet apart and hills 18 inches. In short-seasoned, semi-arid sections the "Black Mexican" and "White Mexican" sugar corn has proven quite successful, and in many other southern sections, where regular sugar corn has failed, this last-named corn has succeeded.

As soon as any of the earlier planted crops come up, begin cultivating between rows to kill the weeds and to keep the surface mellow. For this purpose a narrow sharp-pointed hoe is well adapted. To work in among the plants, and to loosen the surface between narrow rows, I have found a heavy wire hook the thickness of a pencil and fastened to an old hoe handle a splendid instrument.

Miss Henrietta Florschuets went to Chicago today to visit friends.

**LUTHERANS AT WORK.**

The Lutherans of America, blessed with comfort and prosperity, are going to the rescue of their fellow Lutherans in Europe. It is said:

"In Finland, in the Baltic provinces, in Poland, in Russia, in Austria, in Hungary, in parts of Germany, in France, churches of our fellow Lutherans lie in ruins. The bombs and shells of battle or the fury of civil strife have not left untouched even the houses of God and His altars."

An English nurse writes: "The children of Vienna have a peculiar color that comes from famine." "Famine yellow" it is called. You never see a normal child in the streets. At least 95 per cent are painfully emaciated."

St. Paul's of Dixon is taking its share of the World Service Campaign budget. For this congregation it amounts to \$700. It is hoped that much will be given. The plans are to feed the hungry, to clothe the naked, and to help the people remain true and faithful to their Lord. Little we can do will mean much to them. It is further hoped to save the scattered and broken congregations from utter and complete disintegration. The church is the greatest factor in saving Europe from its own self-destruction.

Shall we not set her in motion by preserving what is left of her and giving her freedom and opportunity to do her healing and saving work. The Lutherans are raising \$1,800,000 to help in this work. It is not much but it is something. In the campaign that is on in Dixon not only Lutherans but all who wish may have a part in this work of mercy and necessity in feeding and stabilizing Europe now.

PROCEEDINGS OF CO. SUPERVISORS

Tuesday, April 27th, 1920. State of Illinois ss.

County of Lee On Tuesday, the 27th day of April, A. D. 1920, the Board of Supervisors of Lee County, Illinois met at the Court House in Dixon in special session pursuant to a call duly signed by twelve members of the board and filed with the county clerk as provided by law. The meeting was called to order by the county clerk, the following members being present, to-wit:

Andrew Richardson, W. J. Edwards, Charles Heibenthal, Ira J. Trostle, John M. Sterling, M. McCleary, Thomas P. Long, Ernest S. Dysart, William G. Andreas, Howard R. Ackland, William Brucker and G. W. Thompson, and also Andrew Aschenbrenner of Bradford, D. H. Spencer of Dixon, William Todd of East Grove, Joseph Bauer of Hamilton, Roy W. Gooch of Lee Center, M. J. Fielding of Marion, James Buckley of May, C. C. Buckaloo of Nelson, Frank Glessner of South Dixon, John Montavon of Viola and J. A. Miller of Willow Creek, who each present their certificates of election which are in due form, and upon motion of Supervisor Edwards, duly seconded by Supervisor Brucker, each are duly declared members of this board for the ensuing two years.

Supervisor Edwards placed in nomination the name of Supervisor Brucker for chairman of this board for the ensuing year and there being no other nominations and upon motion of Supervisors Buckley said nominations are declared closed and thereupon the board proceeded to vote upon the nomination of Supervisor Long, and the clerk having put said question, the result of said vote was unanimous in favor of Mr. Long. Thereupon the clerk declared Thomas P. Long of Hamilton the duly elected chairman of this board for the ensuing year.

Upon motion of Supervisor Bauer, the rules governing this board the past year are adopted as the rules for the ensuing year.

Supervisor Bauer moved that the chairman appoint a special committee to audit the expense bills of the judges and clerks of the various precincts in Lee County for their services at the primary election of April 13, 1920, which motion was duly seconded by Supervisor Ackland, and now said matter coming on for the consideration of the board and the chairman having put said question for a vote, the same was declared carried, and the chairman thereupon appointed Supervisors Bauer, Edwards and Sterling.

Upon motion of Supervisor Trostle, duly seconded by Supervisor Heibenthal, the board adjourned until 10:30 o'clock tomorrow morning.

Wednesday, April 28th, 1920. On Wednesday, the 28th day of April, A. D. 1920, at the hour of 10:30 o'clock in the forenoon, the Board of Supervisors met at the court house in Dixon pursuant to adjournment. Present same as on yesterday, except Supervisors Brucker and Montavon. Minutes of yesterday's proceedings were read by the clerk and approved by the board.

The special committee to whom was referred the expense bills of the judges and clerks in the various precincts in Lee County for their services at the primary election of April 13th, 1920, now present their report and upon motion of Supervisor Sterling, duly seconded by Supervisor Miller, the said report is approved by the board and the clerk is directed to issue orders as follows:

THIS WILL INTEREST STOMACH SUFFERERS Says Indigestion comes from an excess of hydrochloric acid.

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, water-brash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Iad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Iad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.

PROMPT RELIEF for the acid-distressed stomach, try two or three KI-MOIDS

after meals, dissolved on the tongue—keep your stomach sweet—try KI-MOIDS—the new aid to digestion.

RULES—Long, Banks, Montavon, McCleary, Glessner.

The following report of the completion of the Brooks and Risdon bridges in the town of Hamilton was read to the board by the clerk, which said report is in the words and figures following:

Dixon, Ill., April 28, 1920. FINAL REPORT, BROOKS AND RISDON BRIDGES, TOWN OF HAMILTON.

To the Lee County Board of Supervisors: Gentlemen:—Your "County Aid Bridge Committee" for the purpose of making repairs to the Brooks and Risdon bridges over Green river and the Town of Hamilton, Lee County, acting in the matter with the regular "County Road and Bridge Committee" would, after long but unavoidable delay, make the following and final report on said work:

All the material heretofore bought for this work and reported upon, has been used.

A carload of 3-inch oak-plank flooring was ordered of the Western Boiler Pipe Co., of Monmouth, Ill., back in 1917. We were unable to get this contract filled until December, 1919. The price, however, remained at only \$43 per thousand F. O. B. Walnut, Ill.

The bills we have to report to you are as follows:

Western Boiler Pipe Co., 10,860 ft. oak planking, @ \$13.00 \$464.40

Plank yet lacking to complete the floor of the Risdon bridge—21 pcs. 16 ft. by 12 in., 1,008 ft. @ \$70.00 per M. 70.56

Freight demurrage, paid by W. E. Hopkins, Com. 4.00

F. O. Munger, bolts, paid by W. E. Hopkins, Com. 16.50

Sundry and all labor bills, paid by Mr. Hopkins 105.00

Making the total cost \$669.46

By the terms of "County Aid" Lee County and the Town of Hamilton should each pay one-half of this total \$330.23

The Town of Hamilton, through its commissioner of highways, W. E. Hopkins, claims already to have paid as follows:

Freight, applying on the lumber bill and reducing it to \$309.56 yet due the Boiler Pipe Co. \$155.04

Demurrage 4.00 Bill of Munger for bolts 16.50

Sundry and all labor bills 105.00

Said town also supplying the remaining plank needed at the Risdon bridge, 1,008 board feet 70.56

Making the cost to the town thus far \$351.10

This is \$20.87 more than half the cost, as said half-cost has already been found.

We therefore recommend that Lee County pay the net sum due the Western Boiler Pipe Co. \$369.36

And reimburse the Town of Hamilton, overpayment 20.87

Making the County's one-half or \$330.23

Respectfully submitted, L. B. Neighbour, Co. Supt. Highways

Reporting for the "County Aid Bridge Committee," and for the "County Road and Bridge Committee."

Approved—Joseph Bauer, I. J. Trostle, J. M. Sterling, J. A. Miller, W. J. Edwards.

Thereupon on motion of Supervisor Bauer, duly seconded by Supervisor Heibenthal, said report is approved by the board and the clerk is directed to issue orders as follows:

To Western Boiler Pipe Co. \$369.36

To Town of Hamilton 20.87

Upon motion of Supervisor Edwards, duly seconded by Supervisor Richardson, the matter of purchasing a supply of coal for the various County Buildings for the year 1920 is left in

the hands of the Contingent Expense and Purchasing committee with power to act.

Supervisor Gooch, of Lee Center township, stated to the board that one Mrs. Persey, an inmate of the County Home, has a brother by the name of Isaac Stevens, who is sending money to Dr. Stevens, of Paw Paw, Lee County, to pay the board of the said Mrs. Persey at said home, but that Dr. Stevens has so far failed to turn over to Lee County any money for the board of said inmate and said Supervisor Gooch asked to be instructed what he should do in the matter.

Thereupon on motion of Supervisor Sterling, duly seconded by Supervisor Buckley, the matter is left entirely in the hands of Supervisor Gooch.

In the matter of the compensation to be allowed members of this board for services rendered at this special session by the board and the clerk is directed to issue orders as follows:

Andrew Richardson \$ 9.20 W. J. Edwards 7.30

Chas. Heibenthal 7.50 A. Aschenbrenner 12.10

Ira J. Trostle 7.20 John M. Sterling 6.10

J. M. McCleary 6.10 D. H. Spencer 10.10

Wm. Todd 15.50 Joseph Bauer 12.50

Thomas P. Long 8.50 Roy W. Gooch 11.80

M. J. Fielding 10.60 James Buckley 14.40

E. S. Dysart 6.80 C. C. Buckaloo 10.60

Wm. G. Andreas 6.80 Howard R. Ackland 9.20

Frank Glessner 10.10 Wm. Brucker 5.30

John Montavon 10.00 J. A. Miller 15.60

G. W. Thompson 11.00 Fred G. Dimick 12.00

Supervisor Bauer stated to the board that he did not think it fair for a part of the members of the Board of Supervisors to receive Five Dollars per day under a law which went into effect July 1st, 1919, and the balance of the members of said Board of Supervisors to receive but Three Dollars per day under the old law, and also stated that all members of the Whiteside County Board of Supervisors have been drawing Five Dollars per day for each meeting of said board since July 1st, 1919, and moves that the State's Attorney be instructed to get an opinion of the Attorney General on the matter, motion was duly seconded by Supervisor Gooch and said matter now coming on for the consideration of the board and the chairman having put said question, the same was declared carried.

Upon motion of Supervisor Bauer, duly seconded by Supervisor Spencer, the Judiciary committee are instructed

ed to get an opinion as to whether or not the Dog License money being collected for the year 1919 remains in the hands of the County Treasurer or should he in turn pay the same over to the various supervisors as heretofore.

Upon motion of Supervisor Bauer, duly seconded by Supervisor Heibenthal, the board adjourned.

State's Attorney Harry Edwards went to Springfield last evening to spend a few days on business.

ASKS FRANCE'S ALLIES TO HAVE CONFIDENCE IN WORK

Paris, May 6.—Frederick Francois-Marsal, minister of finance, speaking at a luncheon of the Anglo-American Press Association today asked that the allies of France in war have confidence "in our determination, our love, our work, our respect and peace and justice" during peace time rehabilitation.

M. Marsal declared the resources of France guaranteed her future but added: "I have refused to incorporate in

my ordinary budget extraordinary expenditures for reparations for voluntary damages caused by the aggressor. Such expenses are incumbent upon Germany."

INVESTIGATE SOUP COSTS

Chicago, May 6.—The high cost of soup will be the first object of investigation of the newly created high cost of living committee of the city council, Max Adamowski, chairman said today.

The meagreness of pie slices and the thinly sliced ham in sandwiches would be the next thing inquired about, Adamowski said.

## UPHEAVALS COMMON GUATEMALA REPUBLIC

Notwithstanding Conditions It Is Land of Progress

Washington, "A condition of upheaval, not necessarily from political causes, is nothing new to the Republic of Guatemala. This country has wonderfully rich and fertile soil and its climate rarely is equaled," says a bulletin from the National Geographic Society.

"The City of Guatemala, which is now being gradually rebuilt, was the scene of one of the most violent earthquakes known in Central American history. This earthquake extended over several months during the latter part of 1917 and the early months of 1918. It began November 17, 1917. On Christmas night in the parks of the city, beneath a full moon in an untroubled sky, the populace huddled watching in fear and misery their homes, the trees, and the earth as well, creep, writhe and twist. "On the night of January 24, the moon again beamed from a cloudless sky upon these people as they saw nearly every remaining edifice in their city tumble in whirlwinds of dust. The tremors seemed to center under the very city itself, and spectators have said that they feared that the earth would give away and a volcano would form in the very heart of the city. Houses and bell towers crumbled, water mains were broken, the sewage oozed up in the streets, and, in the cemeteries, skeletons were shaken out of their coffins.

"One can take a steamer from New Orleans and in three days reach Puerto Barrios, on the Gulf of Amatique, along the sunny eastern shores of the country, where stately palms wave in greeting.

"Along this seacoast and farther inland large banana plantations cover thousands of acres. This one comparatively small country raises for its own and the outside world's consumption about ten million bunches of bananas a year. The valley of the Motagua River is considered one of the most densely vegetated regions of the world.

"But the most important crop of the state is coffee. Upon the slopes of its mountains, 1,500 to 5,000 feet above sea level, these fields of trees in full bloom, with their wealth of fragrant white blossoms, are indeed a beautiful sight. And equally beautiful are they when the berries have become a bright red. As soon as the coffee beans are picked, they are pulped to prevent fermentation in the pulp, which would stain them, after which they go into great fermenting tanks, where they remain from 24 to 48 hours, in order to take off the sweet, gummy substance on the hull. Then they are washed and spread to dry in the sun. After the last fine silvery skin is taken off, the coffee is ready for the market. In 1916 Guatemala produced about 90 million pounds of coffee.

"A fascinating land Guatemala is too, with its dense tropical forests covering more than a million acres, with many plant trees are linked together by trailing vines above a gorgeous display of orchids, waxen begonias, the peculiar blossoms of the plantain, and scarlet poinsettias.

"For centuries the country was the home of the Maya-Quiche Indians, whose history reads like a romance. At Quirigua are located some of the most remarkable ruins to be found

## SAYS LABOR'S SHARE IN INCREASED COSTS OF PRODUCT IS SMALL

Former Secretary War Labor Board Presents Statistics

By Associated Press Leased Wire  
Washington, May 7.—A study of profiteering in American industry made under the auspices of the railroad labor brotherhoods, was presented to the railroad labor board today in support of the railroad workers' demands for higher pay and to refute the charge that increased labor costs are responsible for the high cost of living.

Prepared by W. J. Lauck, former secretary of the war labor board, the study seeks to show that profiteering in industry is the fundamental cause for high prices in practically all commodities.

Calling attention to the many war-made millionaires, the study contents that a three-fold relationship exists "between high prices, profiteering and the addition to the quota of millionaires" and that the increase in the wealth of the wealthy is an "unanswerable" refutation to all attempts to charge labor with profiteering, and to all attempts to hold labor responsible for the high cost of living.

"For, if invested wealth gets a larger return," says the study, "a larger proportion of the national income then formerly, the man who gives personal service or labor is bound to get a smaller proportion. The menace of the future lies in the probability that the vast profits which are still held in reserve will be capitalized in order that under the pretext of a fair return on capital, those who own them may continue to take the larger proportion of national income even at the expense of very great suffering on the part of the workers, when the over-stimulation of war has passed away."

Cites Many Examples.  
Of the extraordinary increase in the price of sugar now amounting to over 300 per cent the study said the labor cost paid by the consumer was less than 15 per cent.

In the meat packing industry where profits were said to have increased between 300 and 400 per cent the labor item was shown so small that a wage increase of 100 per cent would add less than 5 per cent to the total cost of

the meat. The increase in price between 1914 and 1918 was shown as eight times the total labor cost of the 1918 price representing 25 times the total labor item.

Profits absorb approximately one-half of the retail price of certain kinds of cloth, the report declared, while the labor item amounts to from one-fourth to one-twentieth of the price. Similar relations were pictured in the manufacture of men's garments.

"The profit items on shoes in 1914, it was charged, absorbed nearly one-half of the price paid by the consumer, or nearly three times the total labor cost, while in 1919 the profits items amounted to approximately three-fifths of the total price and over five times the total labor cost.

Increase in the retail price of bituminous coal was shown at 4 times the increase in labor costs while the proportion of the proceeds of the industry received by the coal operator was shown as increased from 75 to 400 per cent.

An average of \$1,200 per family of five during the years 1916-1918 was declared to be probably a highly conservative estimate of the actual cost of corporate profiteering to the consumer.

Submits Labor's Demands  
Concluding his study, Mr. Lauck submitted the following general demands in the name of the railroad workers:

"One, labor in general, and railroad labor in particular, must have wage increases proportionate to advances in living costs.

"Two, in the present crisis and for all time to come, producers and middle men must be restrained from advancing prices in excess of increases in labor and material costs.

"Three, producers and middle men refrain from including income and excess profits in their costs and passing

them on to the consumer with an added profit.

"Four, the principle of a living wage must be accepted and established in order that normal production may be restored and increased production hoped for in all fields of industry."

## Might Give This a Trial in America

By Associated Press Leased Wire  
Berlin, May 7.—Sanction to a plan to create a reserve of 100,000,000 hundredweight of potatoes was given by a meeting of representatives of the government the municipalities and the farming interests here yesterday. The delivery of potatoes by the growers is made compulsory at a fixed price of 31½ marks the hundredweight.

The object is to ensure the large cities and the industrial districts a potato ration of six pounds per capita weekly, and to protect the population from illicit trading.

## Try this fascinating test— Mr. Edison's Realism Test

You can now put realism to the test. You can determine exactly whether the New Edison has perfect realism or not.

You, yourself, make the test. You decide the question on the testimony of your own musical experiences.

The test is this: Do your emotions respond to the New Edison in the same degree that they respond to the living singer?

Takes only ten minutes. Simple and straightforward. You'll find it a really scientific way of judging the realism of the New Edison.

Come in and try it

Suppose you find the New Edison has achieved perfect realism. That's no cause for surprise, if you know the story of the New Edison.

The story begins

with Thomas A. Edison—back in the days when he became convinced that perfect realism in a phonograph could

be attained. It winds through 7 long years of experiments. It reached its climax when Edison appeared one day among his associates and cried: "I've got it! This gives the true result!"

Edison had made good again. His new phonograph had been tried against the human voice. It matched the voice perfectly. The

RE-CREATION of music was an accomplished fact.

RE-CREATION of music! Pregnant phrase! Means the fulfillment of the inventor's dreams—the satisfaction of the music-lover's longings. A new era of music in the home—a new art!

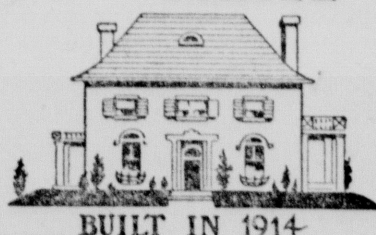

See for yourself

what the RE-CREATION of music signifies. Try the Realism Test.

Ask about our Budget Plan. You'll find it a thrift way to buy your New Edison.

## NO STARCHED COLLARS

Chicago, May 6.—Today marked the second day of the 20 day "strike" here against starched shirts and collars.

The "strike leaders" claimed 1,200 workers in the business district joined the movement the first day.

John W. Champion, secretary of the Red Cross, chief "agitator", said the "strikers" had taken a step toward efficiency in dressing by having collars attached to shirts, thus eliminating time spent searching for a button and attaching the collar.

## ASPIRIN—A Talk

Take Aspirin only as told by "Bayer"

The name "Bayer" identifies the true, world-famous Aspirin prescribed by physicians for over eighteen years. The name "Bayer" means genuine Aspirin proved safe by millions of people. In each unbroken package of "Bayer Tablets of Aspirin" you are told how to safely take this genuine Aspirin for Colds, Head-

ache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis and for Pain.

Always say "Bayer" when buying Aspirin. Then look for the safety "Bayer Cross" on the package and on the tablets.

Handy tin boxes of twelve tablets cost but a few cents. Drug-gists also sell larger packages.

Aspirin is trade mark of Bayer Manufacture Monocentriccenter of Salicylicacid

## A Home To Fit Every Pocketbook

IF YOU ARE RENTING, and are enjoying (?) that sensation of uncertainty as to how long it will be before the house is sold and you will have to move to—goodness only knows where—come in and see us. We're the easiest people you ever saw to get up to—you don't have to hand us oranges on the end of a fish-pole. Your only regret will be that you didn't get acquainted with us long before.

Speaking of the scarcity of houses to rent reminds us of the experience of one lady who looked up just 48 leads before she found one she could get, and then she had to take a place and let the old rooster who owned it retain a room or two—just think of all that racing around and telephoning and then not being able to get a whole house for her family. Moral: See Sterling," and buy a home and thus save a lot of time and trouble.

Will be in the office on Sundays from 10 to 12 in the forenoon and from 3 to 4 in the afternoon, to take care of people who can't get away from their work during the week.

No trouble to show property. We have one or more skunk-baronches on duty days, nights and Sundays.

Here's a list of homes on tap at this time, and we have lots of others:
